

The SIME Calendar is a module of SIME software that allows to schedule events by date and time (whether they are MP3 playlists, pre-recorded messages, sirens, etc.) in the chosen zones of the local system.

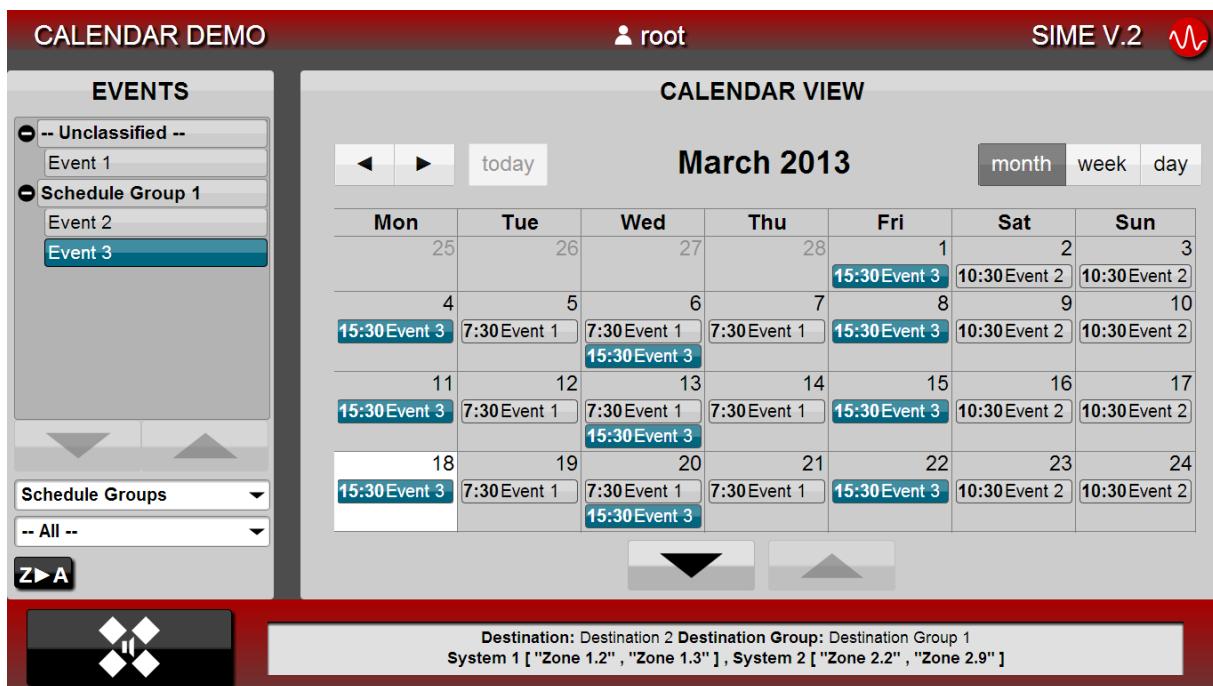

In multisite systems, it allows to manage the programming of different nodes by creating an audio content distribution system through IP network.

**Main features of SIME Calendar:**

- Events by date and time automation
- Audio content distribution
- Calendar visualization of events
- Playlists creation
- Integration with SIME Control

**Screenshot:**

The screenshot shows the SIME V.2 interface. On the left, there is an 'EVENTS' sidebar with a tree view containing 'Event 1', 'Event 2', and 'Event 3' under 'Schedule Group 1'. The main area is a 'CALENDAR VIEW' for 'March 2013'. It features a grid with days of the week and dates. Events are scheduled as follows:

Mon	Tue	Wed	Thu	Fri	Sat	Sun
25	26	27	28	1 15:30 Event 3	2 10:30 Event 2	3 10:30 Event 2
4 15:30 Event 3	5 7:30 Event 1	6 7:30 Event 1 15:30 Event 3	7 7:30 Event 1	8 15:30 Event 3	9 10:30 Event 2	10 10:30 Event 2
11 15:30 Event 3	12 7:30 Event 1	13 7:30 Event 1 15:30 Event 3	14 7:30 Event 1	15 15:30 Event 3	16 10:30 Event 2	17 10:30 Event 2
18 15:30 Event 3	19 7:30 Event 1	20 7:30 Event 1 15:30 Event 3	21 7:30 Event 1	22 15:30 Event 3	23 10:30 Event 2	24 10:30 Event 2

At the bottom, a status bar shows: Destination: Destination 2 Destination Group: Destination Group 1 System 1 [ "Zone 1.2", "Zone 1.3" ], System 2 [ "Zone 2.2", "Zone 2.9" ]

**SIME Calendar Products:**

**LDASIMCALSO1:** LDA SIME Calendar Server License. It includes a calendar module for scheduling events at the different nodes of the system and at their corresponding zones. The scheduling can be set in days, weeks or months.

**Productos SIME Calendar Multisite:**

**LDASIMCLCS01:** LDA SIME Calendar Server License. SIME CALENDAR CENTRAL LICENSE. Audio content distribution system through IP and Internet. It includes a calendar module for scheduling events at the different nodes of the system and at their corresponding zones. The scheduling can be set in days, weeks or months.

**LDASIMCLSS01:** LDA SIME Calendar Terminal License. SIME CALENDAR SITE LICENSE. It can receive audio files from the server and play them in the local system of the node. It includes a calendar module for scheduling events.

**Requirements for the Server Application:**

Component	Requirement
Processor	Minimum: 1 GHz. • Recommended: 2 GHz. • Optimal: 3 GHz or more.
Memory	Minimum: 2Gb of RAM. • Recommended: 4 GB of RAM. • Optimal: 8 GB of RAM.
Free hard disk space	Minimum: 20 GB. • Recommended: 60 GB. • Optimal: 100 GB.  <b>NOTE:</b> Computers with more than 16GB of RAM will require more disk space for paging, hibernation, and for dump files.
Multimedia	Sound card
Screen and peripherals	• Super VGA (800x600) or higher resolution. • Keyboard. • Microsoft mouse or compatible pointing device.
Operating System	Windows Server 2008/XP/Windows 7 – 64bit or 32 bits

**Requirements for the Client Application:**

The client could be any terminal connected to the same network as the server, with a web browser and an interface control:

- PC/MAC (with monitor+keyboard+mouse)
- Tablet
- Smartphone

\*Ideally it is recommended to use Google Chrome.
