

- To supply products and services that comply with applicable requirements to them, all with the aim of increasing client satisfaction. These requirements will be, apart from those legally and obligatory applicable and those specified by the client, all others not specified by the client but necessary for the use of the products, as well as any other additional requirements that DURÁN electrónica, S. L. considers necessary.
- To continuously improve the efficacy of the Quality Management System and, therefore, the efficacy and productivity of the organization, as well as the personal and professional satisfaction of its members.
- To increase the profitability and competitiveness of the company, thus ensuring its future stability and continuity.
